

Introduction to BMRS Custom Parts

A significant and expanding part of the fitting range offered is Custom Parts. Whilst originally these designs may have been introduced to resolve a single customer's need, many of them have wider application.

The following pages show a small selection of these Custom Parts. Please contact us for further details of these fittings or to discuss your specific fitting needs.

'O' Ring Head

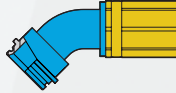

Port details available upon request

Straight

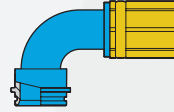

Fitting part no.	Hose
AC-16-0041-00	-16
